

ST-168M System Diagram

Uses 1/2" hose between injector and spray gun

Flow Rate: 1 GPM - 18 GPM
Min. PSI: 90
Max. PSI: 5000

Air Pressure Regulator

Min. PSI: 20

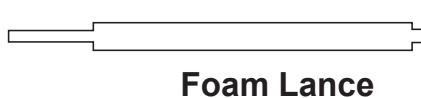

(Air pressure must be lower than incoming water pressure)

Air Compressor

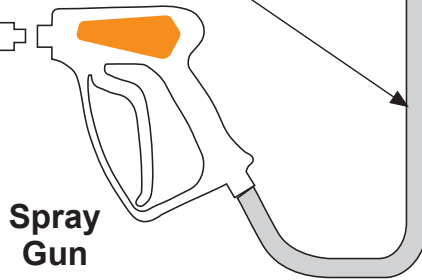

1/2" I.D.

Pressure Hose

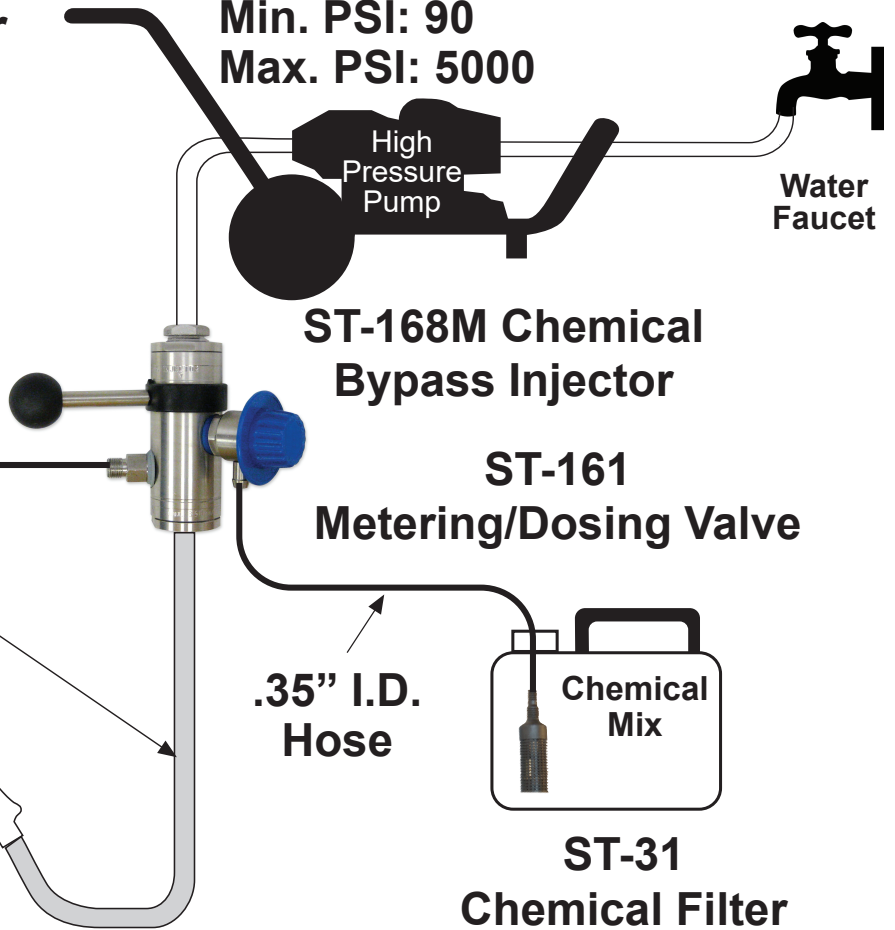

Foam Lance

*Chemical hose and
chemical filter
sold seperately*

Spray Gun

High Pressure Pump

Water Faucet

ST-168M Chemical Bypass Injector

ST-161

Metering/Dosing Valve

.35" I.D. Hose

Chemical Mix

**ST-31
Chemical Filter**

Under 6 GPM Components

**ST-2620F
Spray Gun System**

**ST-2725F
Spray Gun System**
